City funds are not being used to pay for this event. Please let the administrator know if you want to join one of these sessions.

**Square H Frames—Alliant Energy:** Significant work has been completed to remove the structures. The work is ongoing, and no completion date has been determined at this point.

**City Council/Board of Supervisors work session on EMS:** The County held its first EMS committee meeting on February 15<sup>th</sup>.

The City Administrator sent a draft of a 28E agreement for the provision of EMS services to Appanoose County a copy of which is included with this report. This will be on the future agenda for both the County and the City, but there was not a date set as of writing this report.

The Appanoose County Board of Supervisors declared EMS Essential in Appanoose County at their September 5, 2023, meeting. This is the first step in a possible citizen vote for a countywide EMS levy.

The City Administrator met with the Board of Supervisors at their November 6, 2023, meeting to discuss a path forward on funding options. The Supervisors have established an EMS advisory

board with members from each first responder group. This committee has been tasked with providing long-term EMS funding options, possibly including a ballot question on the November 2024 general election.

**Permit and Code Enforcement Software:** The City is implementing a new permit and code enforcement software. The new software will allow for digital submission of permits, as well as a nuisance property reporting functionality. The new software is anticipated to go live in early April 2024.

Water Quality Improvement Project: A Discussion Item has been added to the Agenda for March 4 to discuss the direction of this project. The City was awarded a grant from Iowa DNR for a Water Quality Improvement Project in our drainage districts. The grant was awarded for \$890,000. The Iowa DNR has approved 60% of design plans. However, a major funding gap exists between the awarded grant funds and the projected costs.

**Lelah Bradley Active Campus Management Agreement:** The Appanoose County Conservation Board approved the dissolution of the previous 28E agreement between the City and the County. This should allow us to move forward with the City and Conservation Foundation's land agreement.

The Iowa DNR has agreed to the terms of canceling the REAP grant that covers the property. The City has tasked Hall Engineering with completing Survey and Easement work for the properties. Once the civil work is done for the site, it should be ready to complete the final closing on the property.

**Housing Abandonments/Demolitions for 2024:** 908 S. 16th (demolished), 509 E. Clark (demolished), 827 S. 16<sup>th</sup> (City-owned, pending conveyance), 217 E. State (City-owned, pending demolition), 114 N. 14<sup>th</sup> (City-owned, pending clearing), 520 E. Elm (demolished)

**Demolition Grant Program:** Four properties have been approved for the demolition grant: 714 S. 17<sup>th</sup>, 706 W. Maple, 505 N. Park, and 1115 S. 18th. Based on the average cost of City demolition, this represents a cost avoidance to the City of approximately \$36,000 to date.

**Airport Repairs:** The airport lighting project is complete and is pending close-out. The airport runway rehabilitation held its pre-construction meeting on March 13<sup>th</sup>. The repairs will begin in a few weeks and require an airport closure for about two weeks.

**Storm Damage:** The tree brush pile in the City Park has been shredded. The grinder is contracted to haul the material off over the next few months. City crews are moving out some of the mulch

to ensure the space will be available for pool operation later this spring. The community is welcome to take as much mulch as they want.

**Agenda Requests not included on Agenda:** City Hall receives more agenda requests than are presented at each City Council Meeting. The City Administrator evaluates each to ensure that the business to be discussed is appropriate for the City Council to decide on.

Citizen Input: None provided.

**Ongoing Items:** These items previously mentioned in Administrator reports are still ongoing.

City-wide Trash Pickup: No update since the last meeting

Annexation Letter and Discussion: No updates since the last meeting

Dead Trees: No update since the last meeting.

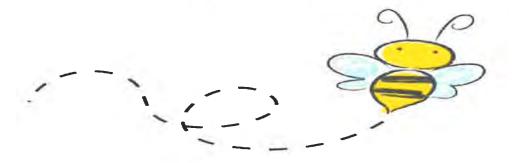

Semi Issue with N. Park: No Updates since the last meeting.

# Economic Development Project Updates:

## Landed:

- A CRISI Grant (Consolidated Rail Infrastructure and Safety Improvements) was recently awarded by Congress, thanks to the support of Congressman Zach Nunn. This \$6 Million project will be owned by the Appanoose County Community Railroad and primarily benefit Projects Soybean and Supertramp.
- 2. Centerville Greenhouses, Inc. has sold and is now Bloom Greenhouse and Nursery. This sale was assisted by PACT's revolving loan fund and will result in retail sales of plants in addition to the continued wholesale of plant material. An RBDG loan is in process and should complete this transaction.

# In Process:

(in order of potential to land)

- 1. Project Soybean: Agricultural company looking to build a soybean seed supply and an equipment manufacturing plant - a \$100-\$200 Million project with approximately 100 jobs. I have begun to assist Project Soybean with a High Quality Jobs application to be submitted to the Iowa Economic Development Authority, and site design to fit a rail extension.
- Project Supertramp: Value-added agriculture company looking to build a \$2.5 Billion plant, 100+ employees with average annual wages of \$60,000. Rail user. Weekly conversations are occurring. A land option has been signed. The City of Centerville and Appanoose Industrial Corporation have jointly funded a C02 study which resulted in a positive outlook.
- 3. Meat Processing: Our current lockers are all experiencing generational transition and a great need for working capital to refresh buildings and equipment. As we move forward to assist this industry, we should prioritize those that will include State of Iowa inspection such that they can sell to local stores and restaurants.

## Building Update:

This month, drywall has been completed and painting has started. Cabinets are being installed and flooring is ordered.

Also, the State of Iowa did award PACT a \$20,000 Empower Rural Iowa Grant to help us complete the Pocket Park next to our building at 128 N 12th. I pulled together the construction team and look forward to that project starting soon.

### Housing Strategy:

The PACT Board recently adopted a housing strategy for 2023 which includes three areas of endeavor: incentivize the construction of 60 new houses, demolition of derelict housing, and the creation of an investor group to focus on rehabilitation and new build projects.

We are currently pursuing the development of a new neighborhood in Centerville with an excellent working team made up of the land-owner, City Administrator, Hall Engineering, and an Iowa builder who may take on this project with us.

The City of Centerville continues to fund demolition projects where needed as well as the incentivization of new housing through their STAR and FISH programs.

> Agenda Item #<u>FY23 Audit Report</u> Council Meeting Date: <u>3/18/2024</u>

This packet includes a copy of the FY23 Audit Report for the City of Centerville. State law requires the City of Centerville to complete an annual audit through an independent auditor. At the beginning of the report is a letter from the independent auditors, Roof, Gerdes, Erlbacher, PLC, that covers the scope of the audit.

Below is a review of the specific findings throughout the report. The findings are meant to show deficiencies the City has regarding policies and procedures to ensure we limit our financial operations' risk. The City-provided report on the findings is meant to inform the Council on what steps City Staff is taking to remedy any findings or recommendations for improving our financial operations.

## 2023-001 – Segregation of Duties (Page 43)

Although one to three individuals are involved in the accounting duties of the City of Centerville (City), the Centerville Public Library (Library), and the Centerville Municipal Airport (Airport), there is insufficient segregation of duties to prevent one individual from having control over each of the following areas:

- 1. Cash reconciling bank accounts, initiating cash receipts, and handling and recording cash
- 2. Investments detailed record keeping, custody and reconciling.
- *3. Long-term debt recording and reconciling.*
- 4. Receipts collecting, depositing, posting, and reconciling.
- 5. Accounting system performing all general accounting functions and having custody of City assets.
- 6. Disbursements preparing checks, signing checks, and access to the accounting records.
- 7. *Petty cash custody, reconciling and recording.*
- 8. Payroll recordkeeping, preparation, and distribution.

This is a consistent finding with previous audits and for organizations of our size. The City does not have enough staff to reach a point where this finding would be removed. One step to avoid issues created by the lack of duty segregation is to have a council person review the monthly bank statements.

## 2023-002 – Preparation of Financial Statements (Page 43)

CITY OF CENTERVILLE 312 East Maple St, PO Box 578 Centerville, IA 52544 www.centerville-ia.org Phone: (641) 437-4339 Fax: (641) 437-1498

As auditors, we were requested to draft the financial statements and accompany notes to the financial statements. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of the cost of other considerations.

Limited staff has made it impractical in the past to complete the financial statements with our staff. With our upgrades to accounting software this year, we anticipate attempting to complete the financial statement for FY24 internally.

## 2023-003 – Monthly Bank Reconciliation and Journal Entries (Page 44)

Although monthly bank reconciliations were prepared, they did not match the monthly financial reports. As a result, the City made a \$112,367 negative adjustment to cash in May 2023 to reconcile the backs with the accounting records. Adequate supporting documentation could not be located to support the propriety of this adjustment.

In addition, over \$300,000 in adjustments were made in order to reconcile out the cash during the fiscal year, on a fund by find basis.

The issues listed above were discovered during our account analysis as we transitioned to new accounting software. They stem from the transition to our previous accounting vendor and have rolled forward from 2014.

## 2023-A Certified Budget (Page 22)

The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

This was an oversight by City Hall Staff. We will work diligently to eliminate this finding in the future.

## 2023-D Business Transactions (Page 46)

In accordance with Chapter 362.5(3)(j) of the Code of Iowa, the transactions with 4S Service may represent a conflict of interest as they were for more than \$6,000. The son of a Public Works Employee operates 4S Service, which has done Ad Hoc nuisance mowing for the City of Centerville.

The City is working with the City Attorney on ways to mitigate the conflict. The employee related to 4S Service is in another department (Public Works) from the office that tasks the

CITY OF CENTERVILLE 312 East Maple St, PO Box 578 Centerville, IA 52544 www.centerville-ia.org Phone: (641) 437-4339 Fax: (641) 437-1498

company (Building and Code Enforcement). The related City Employee does not have a role in tasking the 4S Service Company.

## 2023-G – Council Minutes – (Page 46)

Although minutes of City Council proceedings were published, one instance was noted where the minutes were not always published within fifteen days as required by Chapter 372.13(6) of the Code of Iowa.

The sole instance of this occurrence was due to a delayed monthly financial report. This issue has been addressed and should not be included in future audits.

## 2023-I – Revenue Notes (Page 47)

The sewer note resolutions require the City to make sufficient monthly transfers to a separate sewer revenue note sinking account for the purpose of making note principal and interest payments when due. The City did not properly fund the sewer revenue note sinking account each month as required.

This City is currently addressing the issue. The City Sewer fund has enough money on hand for the debt payments. The issue is completing monthly internal transfers in a timely fashion. This issue will be resolved to avoid future audit findings on the issue.

Additionally, since the wastewater project has not been completed, the City is still determining what the final annual payment amount will be for Principal and interest payments for this debt. Once finalized, the City will have an annual amortization table to refer to in order to ensure that the proper fund transfers occur.

## 2023-J Financial Condition – (Page 47)

*The Capital Projects Fund had a deficit balance of \$72,520 on June 30, 2023. The Debt Service Fund had a deficit balance of \$95,894 on June 30, 2023.* 

These funds have large and frequent expenditures that are often pending reimbursement from federal or State agencies. These have been addressed in subsequent months, but will require ongoing effort to ensure that all transfers happen in a timely fashion.

## 2023-K – Tax Increment Financing (TIF)

We noted the City's TIF debt Certifications to the County Auditor include amounts relating to a rebate and economic development agreement obligation, which include an annual

CITY OF CENTERVILLE 312 East Maple St, PO Box 578 Centerville, IA 52544 www.centerville-ia.org Phone: (641) 437-4339 Fax: (641) 437-1498

appropriation clause. Until appropriated, these payments do not represent debt and, accordingly, should not have been certified as debt.

The City is working with our Auditor and Bond counsel to better understand the point an obligation becomes debt. Basically, TIF money is a reimbursement back to the City for money expended, I.e. FY24 Expenses are reimbursed with FY25 money as opposed to FY25 Expenses being covered by the FY25 Tax Levy, which is different from other funding sources the City uses.

## 2023-L - Annual Urban Renewal Report (AURR)-

The annual urban renewal report was properly approved and certified to the Iowa Department of Management on or before December 1. However, the beginning and ending obligation balances reported on the Levy Authority Summary do not agree to the City's records.

The migration to the City's new accounting system should help clarify the obligation issues created by unclear reports. Additionally, staff will seek additional training to ensure that we understand what precisely needs to be reported.

January 08, 2024

Dear Community Leaders,

On October 11, <u>Alliant Energy asked the Iowa Utilities Board to approve an electric rate increase</u> to be phased in over two years, starting in October 2024 and concluding in October 2025.

The <u>Clean Energy Districts of Iowa</u> (CEDI) invite your community to oppose the magnitude of Alliant Energy's proposed increase in electric rates.

### **Alliant's Rising Rates**

This is Alliant Energy's sixth request to increase electric rates since 2004. If approved as proposed, the proposed rate increase will be the largest in the company's history and result in another <u>\$284</u> million being transferred out of the local economies of Alliant communities in Iowa.

Alliant estimates the electric bills of residential customers will increase by an average of 13.4%, small businesses and municipalities by 20%, and large general service customers by 17.4% - 20%. These higher costs, however, are not simply the result of "across-the-board" increases. Alliant is proposing significant changes to their tariff structures that could push the bill increase for some customers well above the average Alliant projects for each rate class.

According to <u>CEDI's analysis</u> of <u>utility data furnished to the Iowa Utilities Board</u>, Alliant's average annual cost per kWh for residential customers in 2022 was once again almost the highest in the state. Alliant's residential rates are higher than all but six of Iowa's 181 electric utilities--including every one of Iowa's 43 rural electric cooperatives.

The same data reveals that Alliant's electric costs are also very high when compared with the other large investor-owned electric utility in Iowa. Compared to MidAmerican Energy Company, Alliant's costs are 61.3% higher for residential customers, 48.9% higher for small businesses, and 31.6% higher for industrial customers.

In fact, according to the <u>U.S. Energy Information Administration</u>, Alliant Energy has the third-highest residential rates among 31 investor-owned utilities with at least 100,000 customers in the Midwest.

### The Impact on Alliant Communities

Alliant's high and rising rates are causing serious hardship for the 101,997 low-income households that <u>the company acknowledges</u> constitute 25 percent of their 411,277 residential customers. These ratepayers are some of Iowa's most disadvantaged citizens because, in many cases, they

spend over 20 percent of their household income to heat, cool, and power their homes.

Alliant's high and rising rates are also posing serious financial challenges for moderate-income households, fixed-income households, small businesses, industries, nonprofit institutions, educational institutions, school districts, and municipal governments.

Alliant's rates are also a hindrance to economic development for nearly all communities in Alliant's monopoly service territory. The vast majority of <u>population growth</u> and <u>economic development</u> in Iowa is taking place in MidAmerican Energy's service territory due, at least in part, to their low rates.

This is certainly true for large tech companies like <u>Amazon</u> (Davenport), <u>Apple</u> (Des Moines), <u>Google</u> (Council Bluffs), <u>Meta/Facebook</u> (Altoona), and <u>Microsoft</u> (West Des Moines), which have all opened large facilities in MidAmerican's service territory to benefit from the company's cheaper and cleaner power.

### The Impact of Alliant's Proposed Rate Increase on Your Municipality's Budget and Your Citizens

Alliant Energy's relentless rate increases are also having a significant impact on the budgets of municipalities. While every community is different and has facilities with meters in different rate classes, based on Alliant's projections, it is likely that your municipality's current costs to purchase electricity will increase 15-20% over the next two years.

Thus, a municipality that paid Alliant Energy \$100,000 for electricity in FY24 should expect to pay an additional \$15,000 - \$20,000 in FY26. Given the proposed two-year phase-in of the rate increase, municipalities should consider adding approximately 10% for electricity costs to FY25 budgets, and increase it again for FY26 budgets.

Of course, the residents and business owners in your community will also experience an estimated 13.4% - 20% cost increase. Many of the hundreds of comments in Docket No. <u>RPU-2023-0002</u> have been submitted by small business owners and low-income households that are barely scraping by given the recent high rate of inflation. Many comments are from senior citizens who are comparing Alliant's estimated 13.4% increase to the 3.2% cost of living increase they are getting from Social Security this year.

### Please Join CEDI's Coalition to Oppose Alliant's Electric Rate Increase

The <u>Clean Energy Districts of Iowa</u> (CEDI) invite your community to join a coalition to oppose the magnitude of Alliant Energy's proposal to increase electric rates. CEDI wants to help your community's voice be heard as the Iowa Utilities Board reviews Alliant's proposal to increase its electric rates.

We invite your community to take the following action steps:

 Review the attached model resolution objecting to the magnitude of Alliant's proposed electric rate increase, revise it as you see fit, and submit it to the Iowa Utilities Board by email to <u>customer@iub.iowa.gov</u> or by mail to Iowa Utilities Board, 1375 E. Court Avenue, Des Moines, IA 50319-0069. Reference Docket RPU-2023-0002 in the subject line of the email or letter.

2. Join the CEDI Coalition by signing the attached Memorandum of Agreement and consider making an optional financial contribution to support CEDI's intervention effort at the Iowa Utilities Board.

CEDI has secured the legal services of the Skinner Law Office for this intervention effort. Cecil Wright will lead our legal efforts. Cecil recently retired from the Iowa Utilities Board where he held multiple positions including acting General Counsel and Chief Operating Officer.

As official intervenors in Docket RPU-2023-0002, CEDI will utilize our skilled legal counsel and expert witnesses to submit testimony that challenges Alliant's persistent rate increases and high rates, highlights the high and rising energy burden on low, middle, and fixed-income households, and illustrates how Alliant's high rates are harming the economic development of communities in Alliant's service territory.

CEDI witnesses will also defend customer and community-owned distributed energy resources, such as energy efficiency, solar power, geothermal energy, and battery storage. Finally, CEDI witnesses will emphasize the need for cost-efficient investments, distribution grid resiliency, clean energy, and reinvestment that yield ratepayer savings and substantial community benefits in coal plant communities like Lansing, Iowa.

While there is no cost to join the CEDI Coalition, we do hope those communities who are able to do so will consider financially supporting CEDI's intervention efforts. The rate case will take approximately ten months to complete. We estimate the cost will be \$50,000 - \$80,000. All funds received will be used by CEDI exclusively for docket intervention costs, including legal fees and expert witness compensation. We have raised \$33,000 thus far.

We respectfully request your community consider a coalition contribution representing 5% percent of your expected cost increase. Given the example above, a 5% contribution would be \$750 - \$1,000 based on an expected cost increase of \$15,000-\$20,000 per \$100,000 of current Alliant Energy electricity purchase expenses. Any unutilized funds will be returned to communities on a proportional basis.

### About the Clean Energy Districts of Iowa

The <u>Clean Energy Districts of Iowa</u> (CEDI) is an Iowa non-profit corporation and an association of clean energy districts in Iowa. There are currently twelve legally incorporated energy districts located in Allamakee, Cerro Gordo, Clayton, Delaware, Dubuque, Howard, Jackson, Johnson, Linn, Muscatine, Polk, and Winneshiek County. Additional counties are in the planning stages. Clean Energy Districts provide local leadership to energy customers and communities during the clean energy transition.

CEDI and its member energy districts have considerable experience at the Iowa Utilities Board. In 2019-2020, the Winneshiek Energy District led the Decorah Area Group, which was an official

intervenor in <u>Alliant Energy's last rate case</u> and helped secure a significant 38% reduction in the rate increase. The company had originally proposed a <u>\$204 million revenue requirement</u> but was only awarded <u>\$127 million</u> by the Board.

More recently, the Clean Energy Districts of Iowa was an official intervenor in Black Hills Energy's rate case and joined in a <u>settlement agreement</u> with the Office of the Consumer Advocate that secured a 44% reduction in BHE's proposed increase. The company had originally proposed a \$10,544,007 increase to base rates but was only awarded \$5,906,519 by the Board.

CEDI is also currently an official intervenor and has submitted multiple rounds of testimony in the dockets at the Iowa Utilities Board regarding the <u>five-year energy efficiency plans</u> submitted by Alliant Energy, MidAmerican Energy Company, and Black Hills Energy.

Thank you for taking the time to consider the attached information. CEDI has a history of success intervening in rate cases, but we need your help to do it again.

While we expect the Board to render its final decision and order in the fall of 2024, the first round of testimony will be due in early March, which means we need to line up our expert witnesses soon and initiate various discovery requests. Thus, a **prompt response to this form** would be deeply appreciated.

Please contact us with any concerns or questions you may have.
